WALL PLAQUES

We are delighted to offer these unique miniature guitar wall plaques. Each Baby Axe instrument is carefully attached to the black and gold metal laser etched framed plaque which bears a history of either the instrument or the artist/band to which it relates.

The plaque itself is sized 13 x 11 inches (34 x 28cm) and is supplied ready for wall mounting. Please visit our website to view the entire range.

When purchasing a BABY AXE miniature ornamental guitar, you can be confident that you are acquiring the world's leading quality in collectable miniature guitars.

BEWARE OF CHEAP INFERIOR UNLICENSED COPIES.

The Licensed FENDER range includes;

STRATOCASTER, TELECASTER & PRECISION BASS.

They also come in a number of colours not shown in this catalogue, namely Blue, Cream, Gold, Pink and Green. (Subject to change)

For further enquires regarding currently available colours please contact your local dealer.

Alternatively telephone or email us. Details at the foot of this page.

Brian May, Queen's great guitarist, personally chose us as the only manufacturer capable of achieving a desirable collectable miniature of his world famous 'Red Special'.

Each Instrument measures approx. 260mm (10 inches) and comes in a cardboard simulated Aluminium 'Flight Case' box, complete with an 'A' frame stand.

Single or double guitars are sent by recorded delivery and usually take 2 to 3 days to get to you. For orders outside of the UK allow 7 to 10 days for delivery.
